2015 —

### ***Aisha siddiqua girls inter college***

10th (PCM)  
2013 —

## Projects

### **Avinayaerp.mygstcafe.com**

- Project Name : Avinya erp.mygstcafe.com

Description : Enterprise resource planning (ERP) refers to a type of software that organizations use to manage day-to-day business activities such as accounting, procurement, project management, risk management and compliance, and supply chain operations.

Roles and Responsibilities

- Development of the interactive user-interface using React JS with React Hooks.
- Designing responsive web designs by using CSS and Material UI.
- Creating and using reusable functional components while ensuring the optimization.
- Ensuring optimization and performance by reducing the load time and unnecessary re-renders. Used light⬢house for testing the performance.
- Utilized Redux toolkit for Centralized state management and asynchronous actions.
- Pushing and pulling code using Git and GitHub for version control and project management

## Experience

### **opticode Mygstcafe**

Designation - React front end developer  
Mall road, Kanpur Nagar, uttar pradesh

09/08/2022

## Skills

- HTML5

- CSS3
- javascript
